GAVA TECH · We Keep Industry Working

WHO WE ARE

About GAVA

GAVA TECH is GAVA's industrial-products supply brand. For factories and engineering customers we provide **industrial supply & selection** across **industrial filtration, high-temp & fire protection and industrial parts sourcing** — sourcing by working conditions, equipment model, nameplate or used part.

What We Do

Industrial Filtration

Air/gas, liquid, filter cloth & bags, filter felt & media, cartridges, membranes and water-treatment accessories.

High-Temp & Fire Protection

Fire & thermal insulation sleeves, high-temperature fabrics and custom insulation covers.

Industrial Parts Sourcing

Hydraulic consumables, compressor filters, oil-filtration equipment & media, machinery filters & parts — by brand / model / part number.

How We Supply

Standard stock plus made-to-order, custom by drawing or sample, sampling and OEM — offered through our own, affiliated and partner supply network across a full-range supply network.

Our Promise

Parameters Honest

Selection with evidence — honest specs, recommendations by real working conditions; no inflated efficiency, no invented certifications.

Transparent Quotes

Price, lead time and samples quoted per specification, quantity and destination country — stated clearly before ordering.

Samples First

Critical consumables sampled or trialed first — verify before you commit to a full order.

Honest Lead Times

We commit only to lead times we can actually meet; every order is treated as a long-term partnership.

Who We Serve

Electronics, pharmaceutical, food, plating / PCB, water treatment and environmental customers across mainland China, plus export markets in Southeast Asia, the Middle East and North America.

MORE THAN PRODUCTS

Services & Support

We help you pick the right thing, test it first, and keep it running — a service partner, not just a seller.

Selection Support

Recommendations based on working conditions, media and requirements — avoid the "most expensive" trap.

Samples / Trials

Sampling and small-batch trials before ordering critical consumables.

Testing & Documents

Test reports, export documentation and private-label support available as agreed.

Delivery & After-sales

Fast dispatch on standard items; usage guidance plus replacement reminders.

Ways to Cooperate

Standard Stock | Custom by Drawing / Sample | Sampling & Trials | OEM / Private Label | Bulk Supply
| Export Support (Southeast Asia · Middle East · North America)

How We're Sourced

We supply through our own, affiliated and partner supply network across industrial filtration, high-temp & fire protection and industrial parts sourcing — connecting factories mainly in Zhejiang and Jiangsu to industrial customers in mainland China and export markets. Every product page states an availability line; final terms are always per a confirmed quotation and contract.

PRODUCTS

Product Contents

19 featured products across industrial filtration, filter media and water-treatment — full specifications and custom requirements on request.

01	Pre Filters (Panel / Bag)	AF-G1-G4	Air Filtration
02	Medium Bag Filters	AF-F5-F9	Air Filtration
03	HEPA Air Filters	AF-HEPA-H13	Air Filtration
04	Filter Press Cloth PP	FC-PRESS-PP	Filter Cloth
05	Filter Press Cloth PET	FC-PRESS-PET	Filter Cloth
06	Filter Press Cloth PA	FC-PRESS-PA	Filter Cloth
07	Liquid Filter Bags No.1-5	LF-BAG-1to5	Filter Bags
08	Big-Flow Cartridges 40"	FC-BIGFLOW-40	Filter Cartridges
09	PP / Activated Carbon Cartridges	FC-PP/AC	Filter Cartridges
10	Liquid Filter Bags PE	LF-BAG-PE-FX	Filter Bags
11	Liquid Filter Bags Nylon	LF-BAG-NY-FX	Filter Bags
12	Dust-Collector Bags (Ambient)	DC-BAG-NT	Filter Bags
13	Polyester / Polypropylene Needle Felt	FT-PET/PP	Filter Felt
14	Aramid (Nomex) Needle Felt	FT-ARAMID	Filter Felt
15	PPS / Fiberglass / Basalt Felt	FT-PPS/GLASS/BASALT	Filter Felt
16	Stainless / Carbon / UHMWPE Felt	FT-SS/CARBON/UHMWPE	Filter Felt
17	RO Membrane ULP Series	RO-ULP	Membranes
18	Mesh Screens / Filter Mesh	SC-MESH-01	Mesh Screens
19	Stainless Membrane Housings	WT-HOUSING	Water Treatment

Featured

Pre Filters (Panel / Bag)

Air Filtration

Pre-Filter

Pre Filters (Panel / Bag)

Model: AF-G1-G4

Specifications	G1-G4, washable panel / bag type, ≥5μm
Key Features	Washable panel type for low maintenance; bag type for larger air volume; grades G1-G4.
Typical Applications	HVAC units, electronics, pharma, food
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

伽桦智能科技 GAVA TECH

Featured Medium Bag Filters

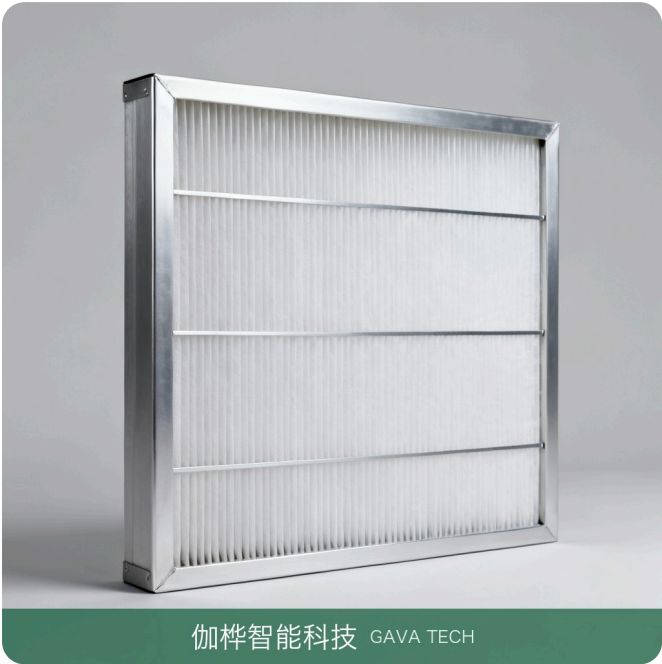

Air Filtration Medium

Medium Bag Filters

Model: AF-F5-F9

Specifications	F5-F9 bag type
Key Features	High dust-holding capacity, low resistance, high airflow; grades F5-F9.
Typical Applications	HVAC, electronics, pharma, hospitals
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

Featured HEPA Air Filters

Air Filtration HEPA

HEPA Air Filters

Model: **AF-HEPA-H13**

Specifications	H13-H14, $\geq 0.3\mu\text{m}$ 99.97%~99.995%
Key Features	H13-H14 efficiency; produced and individually tested in clean environments; test reports available.
Typical Applications	Semiconductors, PCB, pharma GMP, hospitals
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

伽倅智能科技 GAVA TECH

Featured Filter Press Cloth PP

Filter Cloth Filter Press

Filter Press Cloth PP

Model: FC-PRESS-PP

Specifications	PP, heat resistance 90°C, 400-1000g/m²
Key Features	Polypropylene, acid & alkali resistant, corrosion resistant; weight customizable.
Typical Applications	Wastewater, plating, chemical
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

伽桦智能科技 GAVA TECH

Featured Filter Press Cloth PET

Filter Cloth Filter Press

Filter Press Cloth PET

Model: **FC-PRESS-PET**

Specifications	PET, heat resistance 130°C, abrasion-resistant
Key Features	Polyester, heat & abrasion resistant, long service life.
Typical Applications	Pharma, food, mining
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

伽桦智能科技 GAVA TECH

Featured Filter Press Cloth PA

Filter Cloth Filter Press

Filter Press Cloth PA

Model: FC-PRESS-PA

Specifications	PA, 120°C, tough
Key Features	Nylon, excellent toughness and abrasion resistance.
Typical Applications	Metallurgy, ceramics, tire manufacturing
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

伽桦智能科技 GAVA TECH

Featured Liquid Filter Bags No.1-5

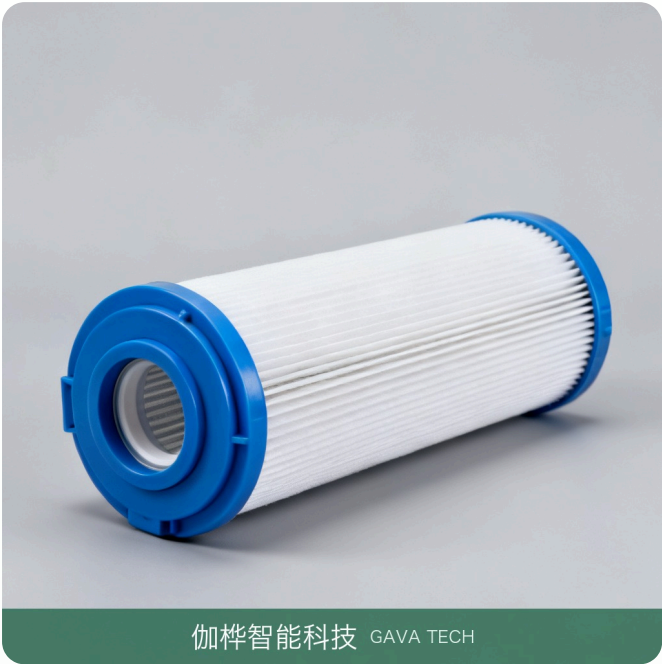

Filter Bags Liquid

Liquid Filter Bags No.1-5

Model: LF-BAG-1to5

Specifications	No.1-5 standard, PP/PET/Nylon, 0.2-300µm
Key Features	Standard sizes No.1-5; PP/PET/Nylon; easy replacement.
Typical Applications	Plating, PCB, food, chemical
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

Featured

Big-Flow Cartridges 40"

Filter Cartridges

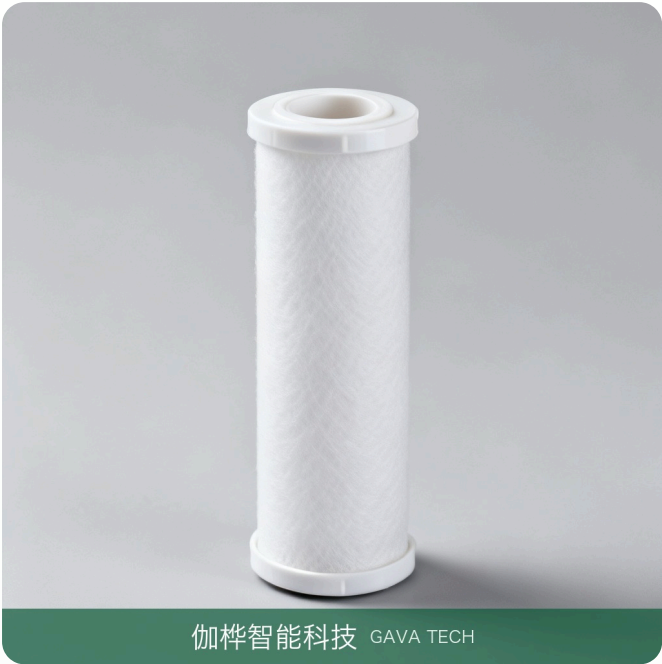

Big Flow

Big-Flow Cartridges 40"

Model: **FC-BIGFLOW-40**

Specifications	40-inch, standard / custom
Key Features	40-inch big-flow; pleated structure with large filtration area and low pressure drop.
Typical Applications	Ultrapure water, reuse, food
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

Featured PP / Activated Carbon Cartridges

Filter Cartridges Water

PP / Activated Carbon Cartridges

Model: **FC-PP/AC**

Specifications	PP melt-blown / granular activated carbon
Key Features	PP melt-blown / granular activated carbon; economical consumables with short replacement cycle.
Typical Applications	Water treatment, food, chemical
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

伽倅智能科技 GAVA TECH

Featured Liquid Filter Bags PE

Filter Bags Liquid

Liquid Filter Bags PE

Model: **LF-BAG-PE-FX**

Specifications	No.1-2, PE, 0.5-200µm
Key Features	PE, acid & alkali resistant; suitable for diesel, coatings, pharma and water treatment.
Typical Applications	Plating, coating, chemical, pharma
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

伽桦智能科技 GAVA TECH

Featured

Liquid Filter Bags Nylon

Filter Bags

Liquid

Liquid Filter Bags Nylon

Model: **LF-BAG-NY-FX**

Specifications	No.1-2, Nylon
Key Features	Nylon bags for paint, glue, food and chemical liquids.
Typical Applications	Coating, paint, food, chemical
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

伽桦智能科技 GAVA TECH

Featured

Dust-Collector Bags (Ambient)

Filter Bags

Dust

Dust-Collector Bags (Ambient)

Model: DC-BAG-NT

Specifications	Polyester / Polypropylene
Key Features	Ambient dust collection; polyester or polypropylene; custom sizes available.
Typical Applications	Cement, boilers, ceramics
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

伽桦智能科技 GAVA TECH

Featured Polyester / Polypropylene Needle Felt

Filter Felt General

Polyester / Polypropylene Needle Felt

Model: **FT-PET/PP**

Specifications	Needle-punched, custom weight & thickness
Key Features	Needle-punched felt; PTFE lamination available to boost efficiency; for ambient dust.
Typical Applications	Dust collection, filtration
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

伽桦智能科技 GAVA TECH

Featured

Aramid (Nomex) Needle Felt

Filter Felt

Aramid

Aramid (Nomex) Needle Felt

Model: FT-ARAMID

Specifications	High-temperature 204°C+
Key Features	Aramid (Nomex) fiber, high-temperature 204°C+, flame-retardant; for high-temperature flue gas.
Typical Applications	Cement, steel, asphalt
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

伽桦智能科技 GAVA TECH

Featured PPS / Fiberglass / Basalt Felt

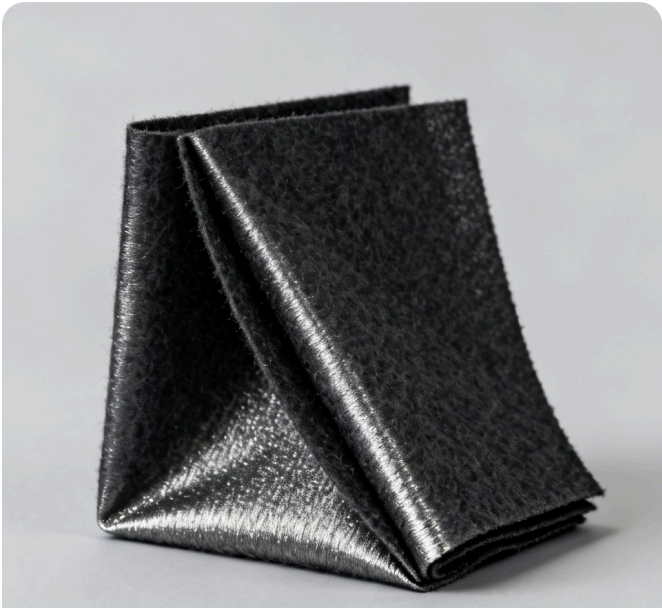

Filter Felt High-Temp

PPS / Fiberglass / Basalt Felt

Model: **FT-PPS/GLASS/BASALT**

Specifications	High-temperature, acid & alkali resistant
Key Features	PPS / fiberglass / basalt fibers; high-temperature and corrosion resistant; for ultra-low emission.
Typical Applications	Coal-fired power, steel, high-temp
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

伽桦智能科技 GAVA TECH

Featured Stainless / Carbon / UHMWPE Felt

Filter Felt Specialty

Stainless / Carbon / UHMWPE Felt

Model: **FT-SS/CARBON/UHMWPE**

Specifications	Sintered metal fiber etc.
Key Features	Stainless fiber sintered felt and specialty media; conductive, high-temperature, precise filtration.
Typical Applications	Petrochemical, hydraulic, specialty
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

伽桦智能科技 GAVA TECH

Featured RO Membrane ULP Series

Membranes RO

RO Membrane ULP Series

Model: RO-ULP

Specifications	1812-3413 / 4040 / 8040
Key Features	Ultra-low-pressure RO elements — low operating pressure, energy saving.
Typical Applications	Water treatment, ultrapure, food
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

伽桦智能科技 GAVA TECH

Featured

Mesh Screens / Filter Mesh

Mesh Screens Industrial

Mesh Screens / Filter Mesh

Model: SC-MESH-01

Specifications	Nylon / Polyamide / Polyester / Metal
Key Features	Nylon / polyamide / polyester / metal wire mesh; custom mesh count and size.
Typical Applications	Textile, food, chemical, mining
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.

伽桦智能科技 GAVA TECH

Featured

Stainless Membrane Housings

Water Treatment

Housing

Stainless Membrane Housings

Model: WT-HOUSING

Specifications	SUS304 / 316L
Key Features	SUS304/316L stainless steel; manufactured to pressure-vessel standards.
Typical Applications	Water treatment systems
Availability	Available for inquiry — confirmed available (standard specs & made-to-order); price, lead time and samples quoted per spec, quantity and destination country

For samples or quotes, contact the GAVA TECH sales team.
