Custom / Sampling / OEM

Serving Mainland China · Southeast Asia · Middle East · North America

2026 · First Edition | GAVA TECH · We Keep Industry Working

## About GAVA TECH

GAVA TECH is GAVA's sub-brand focused on industrial filtration — one-stop supply of filtration media and environmental consumables for factories and engineering customers.

### What We Do

Air filtration, filter cloth & bags, felt, cartridges, RO membranes and water-treatment consumables — all in one order.

### Our Capability

Own production capacity plus a partner factory network; stock standards plus made-to-order, sampling and OEM.

### Who We Serve

Electronics, pharma, food, plating/PCB, water treatment and environmental customers, plus export markets in Southeast Asia, the Middle East and North America.

### Our Promise

Honest specs, transparent quotes, samples first; lead times we can actually meet; every order built for the long term.

## Product Range (8 Categories)

### Air Filtration

Pre / Medium / HEPA / ULPA / High-temp

### Filter Cloth

Filter-press cloth PP / PET / PA · Desulfurization / Dewatering

### Filter Bags

Liquid bags No.1-5 · PP / PE / Nylon · Dust bags

### Filter Felt

Polyester / PP / Aramid / PPS / Fiberglass / PTFE-laminated

### Cartridges

Big-flow / PP / Carbon / Stainless / Dust / Hydraulic

### RO Membranes

ULP / ELP / BW / SW / NF

### Mesh Screens

Nylon / Polyamide / Polyester / Metal wire

### Water-Treatment

Housings / Resin / Valves / SDI kits / Aeration media
